

UPDATE: OUTREACH

Southeast Environmental Education Alliance Conference

- Billy Bennett and Wesley Bullock attended the conference on March 17-18.
- Billy Bennett attended training in NAAEE's new Community Guidelines before the conference on March 15.
- Billy Bennett attended the SEEA regional planning meeting on March 18 after the conference.

Excellence in Environmental Education: Guidelines for Learning (K-12)

- The North American Association for Environmental Education is revising and updating the Guidelines for Excellence for K-12 Learners.
- Billy Bennett participated in the revision process.
- You can provide input on the draft of these revisions at <https://naaee.org/eeepro/resources/review-draft-available-k-12>.

Earth Day

- KEEC partnered with the Energy and Environment Cabinet to host an Earth Day celebration for state employees at the 300 Building on April 27.

Louisville Office of Sustainability - Metro Environmental Education Committee Group

- The Louisville Office of Sustainability, a three-person office within Louisville metro government, has been convening the Metro Environmental Education Committee Group since late 2017.
- KEEC plans to attend the June meeting in order to better connect to environmental education organizations in Louisville.

KY EXCEL

- KY EXCEL is a program of the Kentucky Division of Compliance Assistance which is designed to encourage businesses and organizations to engage in environmental stewardship.

- KEEC has been an advocate member of KY EXCEL for the past several years.
- KY EXCEL is holding their first ever open house at the 300 Building on June 21, 2018.
- KEEC will exhibit and participate in a panel discussion on environmental education and outreach.

Kentucky Association of School Councils Conference

- The Kentucky Association of School Councils (KASC) is a not-for-profit membership organization supporting school councils.
- KASC will hold an annual conference in Lexington on September 25-26.
- Conference attendees include administrators, teachers, and parents.
- KEEC will exhibit and present a session on Kentucky Green and Healthy Schools in partnership with KAEE and KUPEE.
